DEPARTMENT OF FINANCE,

Hon. W. S. FIELDING,

		$1,414,934 78

The amount at the credit of depositors in the Government and Post Office Savings Banks on the 30th June last reached $50,111,118.98, an increase of $1,176,143.26 ; of this, $1,446,038.90 was added interest, but the cash withdrawals amounted to $269,894.64 over the receipts.

The Dominion notes outstanding on 30th June amounted to $22,178,193.76 ; $139,902.50 less than at the same time last year.

In my report of last year attention was drawn to the steady increase in the demand for $1 and $2 Dominion notes. The expansion then noticed has been continued, as will be seen from the following statement of the small notes in circulation at the end of the months of September and October from 1892 to 1898.

—	1892.	1893.	1894.	1895.	1896.	1897.	1898.
September.....	6,845,354	7,190,426	6,897,527	7,060,977	7,326,434	7,702,507	8,368,238

On the 31st October, 1898, the amount outstanding touched the highest mark yet attained. The advance in the circulation on 31st October, 1898, over that of 31st October, 1892, was $1,346,033, or an increase of over 18 per cent. Increased energy and activity in business is immediately reflected in the circulation of the small currency.

The amount invested in the Sinking Funds was $2,359,968.55, making the total at the credit of these funds $40,876,157.88.

The net debt of the Dominion at the close of the fiscal year was $263,956,398.91, or an increase of $2,417,802.45, accounted for as follows :—

Expenditure on Capital Account and the Canadian Pacific Railway as shown above		$4,156,696 83
Railway subsidies.....		1,414,934 78
Discount on and expenses of loan of 1897.....		930,482 25
		6,502,113 86
LESS—Amount of receipts over expenditure on account of Consolidated Fund account.....	1,722,712 33	
Sinking Funds.....	2,359,968 55	
Refunds on account of North-west Territories rebellion	1,272 03	
Refunds on account of Public Works capital.....	358 50	
		4,084,311 41
		$2,417,802 45

The average rate of interest paid on the gross debt was $3.10 per cent as compared with $3.20 per cent paid last year, and the net rate of interest paid fell from $2.76 per cent in 1896-7 to $2.66 per cent in 1897-8.

On the 2nd of the present month at a meeting of the arbitrators appointed to settle outstanding questions connected with the accounts between the Dominion, the

late Province of Canada and the Provinces of Ontario and Quebec, the matter of the interest on the Province of Canada account was adjudicated upon, and since then an official communication has been received by the Department that in the matter of the Robinson Treaties, which had been decided by the Supreme Court in favour of the Dominion, the Province of Quebec has given notice that no appeal will be taken. These are two important questions. So far as one of them is concerned a settlement has practically been arrived at, and the other is far advanced in that direction. There still remain for adjustment the question of the claims under Treaty No. Three and the apportionment between the Provinces of Ontario and Quebec of the amount of the Common School Fund. As the arbitrators are expected to meet on the 4th January, 1899, I would earnestly suggest that all the unsettled business be pushed to a conclusion so that at an early date these accounts of the Dominion with the Provinces may be closed up. The attainment of this object is very much to be desired. It is now over thirty-one years since Confederation, and as a matter of fact there is no person now in the employ of the Finance Department who was in the service of the Department at that time. A copy of the awards of the arbitrators since my last report will be found appended.

Latterly there has been from time to time discussions in the public press on the subject of surpluses on Consolidated Fund account, and Capital expenditure, and in consequence thereof, I have thought it well to append a new statement showing the total amount received and expended year by year since Confederation. It will be found on examining this statement that during that period the expenditures overran the receipts by $188,227,757 and that in only two years has there been an absolute decrease in the net debt. This excess was rendered necessary by the large undertakings in connection with railways, canals and other public works chargeable to capital.

In my last report I suggested that the large amount of liabilities maturing between 1903 and 1910 be kept in mind. These liabilities aggregate over £30,000,000 sterling. I have again to draw attention to this subject.

On the 22nd February, 1894, the Bank of England rate stood at 2 per cent and remained unaltered at that figure until the 9th September, 1896, when it was raised to 2½ per cent. It has frequently been raised and lowered since, but only once has it gone below 2½ per cent. For some years past the tendency of money has been to decrease in value, yet there are at times retardations, and owing to sundry causes the bank rate is not likely to fall to 2 per cent for some time to come. In the pages of the "Economist" during the last six months, frequent allusion has been made to the abnormal value of the high grade securities, during the period of stagnation and the decline that has since followed. The securities to which attention was directed were those of the Imperial Government, of the Government of India, of the Colonial Governments, and those of the larger municipal corporations in the United Kingdom, as for instance the London County Council, the Cities of Glasgow and Birmingham. Consols which scored the highest point in 1896 at 113⅞, fell to 106¾ in 1898. India 2½ per cents which reached 103 in 1896, fell as low as 84⅝ in 1898. Similarly Metropolitan 2½ per cent stock fell from 107 to 95⅞, City of Glasgow 2½ per cent stock from 103¾ to 94¾, Birmingham 2½ per cents from 101 to 91½. Whilst the Canadian 2½ per cents fell to 89, yet they have gone back to 92–3, although there has not been a similar advance in the Canadian 4 per cent and 3 per cent securities. In the "Economist" of a recent date it is stated that it seemed very

improbable that the prices of low interest bearing stocks of the British corporations would approach to anything like the point reached two and a half years ago, for it had to be remembered that this is a class of security, which, when conditions are favourable is always being largely augmented by the issue of fresh loans. On another occasion in discussing the fall in the value of low interest bearing securities, the same paper stated that the adoption of a 2½ per cent standard for future colonial issues would probably have to be postponed.

Correspondence has taken place between the High Commissioner for Canada in London and the Colonial Office with the object of having the Inscribed Stocks of Canada included in the funds in which Trustee investments may be made. Some progress has been effected in this direction, and the subject has not been dropped. Every effort should be made to accomplish this end.

I annex as usual the statement showing the number and amount of salaries of officers in the public service subject to the Superannuation Act. The number of officials under the old Act dropped from 3,680 in 1896 to 3,417 in 1897. In 1892 the number was 4,236. It is probable that in the year 1898 there will be a further large decrease in the number owing to deaths and transfers to the new Retirement Act. The contingent liability on the Treasury, so far as the old Superannuation Act is concerned, is growing less and less each year.

It is with pleasure that I again mention the loyal assistance I have received from the members of the staff in carrying on the business of the Department.

I have the honour to be, sir,

Your obedient servant,

J. M. COURTNEY,
Deputy Minister of Finance

Whereas it was in and by the Act of the Parliament of Canada, 54-55 Victoria, chapter 6, and in and by an Act of the Legislative Assembly of Ontario, 54 Victoria, chapter 2, and in and by an Act of the Legislature of Quebec, 54 Victoria, chapter 4, among other things, provided that for the final and conclusive determination of certain questions and accounts which had arisen or which might arise in the settlement of accounts between the Dominion of Canada and the provinces of Ontario and Quebec, both jointly and severally, and between the two provinces, concerning which no agreement had theretofore been arrived at, the Governor General in Council might unite with the Governments of the provinces of Ontario and Quebec in the appointment of three arbitrators, being judges, to whom should be referred such questions as the Governor General and Lieutenant Governors of the said provinces should agree to submit.

And whereas it was provided in and by the said Acts that such arbitrators, or any two of them should have power to make one or more awards, and to do so from time to time.

And whereas certain questions respecting a claim made by the Dominion of Canada against the provinces of Ontario and Quebec that in ascertaining the debt of the province of Canada mentioned in the 112th section of *The British North America Act*, 1867, the contingent obligation to pay the increased annuities mentioned in the Robinson Treaties of the 7th and 9th of September, 1850, and the arrears of such increased annuities between the years 1867 and 1873, inclusive, and the sums paid by the Dominion in respect of such increased annuities up to the 31st day of December, 1892, should be taken into account, have been submitted to such arbitrators, and they have heard the parties, and what has been alleged on the part of each.

That in ascertaining and determining the debt of the province of Canada mentioned in the 112th section of *The British North America Act*, 1867, the contingent obligation devolving upon the Dominion of Canada to pay the increased annuities mentioned in the Robinson Treaties of the 7th and 9th of September, 1850, and any increased annuities which have become due to the Indians since the 1st day of July, 1867, up to and including the 31st day of December, 1892, shall be taken into account and included in such debt.

Between:

No. 21. THE DOMINION OF CANADA

vs.

THE PROVINCES OF ONTARIO AND QUEBEC.

Re INDIAN CLAIMS ARISING OUT OF THE "ROBINSON TREATIES."

Upon the application of Counsel for the province of Ontario, 1st: That the Board lay down a rule as to the burden of proof in adducing evidence in respect of who are the individuals entitled to the benefit respectively of the Robinson Treaties of the 7th and 9th days of September, 1850; 2nd: That the Board declare who are Indians or persons entitled to the benefit thereof; and 3rd: To declare what class of expenditure should be taken into account in determining whether or not the augmented annuities provided for in such treaties could be paid by the Government without incurring loss.

I. BURDEN OF PROOF.

This Board, in respect of the burden of proof, doth order and direct that the rule hereinafter set forth be followed:

With reference to the period before the Union: The individuals whose names appear on the lists paid before the Union shall be taken into account in computing any increased annuity that should have been paid.

The onus of showing that the names of any individuals entitled to be reckoned were improperly omitted from such lists shall now be on the Indians or those who act for them.

And in like manner no names shall be struck off, except for good reasons as shown by those whose interest it is to keep the numbers down.

With reference to the period after Confederation: Neither Ontario nor Quebec shall be in any way affected or precluded by the action of the Parliament or Government of Canada, or of any of its officers, either in prescribing a definition of who are Indians or in adding to the lists the name of any "individual" as an Indian of a tribe or band entitled to the benefit of either treaty.

The burden of showing that the names of any Indians so added since the Union to such lists were rightly added shall be on the Government of Canada.

II. Indians and persons entitled to the benefit of such treaties respectively.

This Board, in respect of Indians and persons entitled to the benefit of such treaties respectively, doth further order and declare that for the purpose of ascertaining the number of individuals entitled respectively to the benefit of the Robinson Treaties of the seventh and ninth days of September, 1850, each of the persons hereinafter described shall, if he or she is a British subject, resident in Canada, and follows the tribal life, be deemed and taken to be an Indian within the meaning of such treaties and entitled to the benefit thereof respectively; that is to say:—

(*a.*) Any member of any tribe or band who were parties to the treaty, and any lawful descendant of Indian blood of any such member of any such tribe or band;

(*b.*) Any person intermarried with any such member of any such tribe or band, and any lawful descendant of Indian blood of any person so intermarried with any such member of any such tribe or band;

(*c.*) Any person adopted and acknowledged prior to 1893 by any such tribe or band, and any lawful descendant of Indian blood of any person so adopted and acknowledged as a member of any such tribe or band.

Descendants of Indian blood shall mean persons of at least one fourth Indian blood.

III. Classes of Expenditure to be taken into account in determining if Augmentations of Annuities can be paid without incurring loss.

This Board, in respect of the classes of expenditure to be taken into account in determining if augmentations of annuities can be paid without incurring loss, doth further order and direct that the provinces of Ontario and Quebec are entitled to deduct from the revenue of the ceded territories respectively, before it can be determined whether the amount of the annuities in the treaties stated can be increased without incurring loss. the expenditures and charges made within the area of the territories, at the cost of the Governments of the late province of Canada, of the Dominion of Canada, or of the province of Ontario, of the nature and description under the following heads,—

1. Surveys.
2. Colonization Roads.
3. Expenses of Agencies and Agent's salaries on land sales.
4. Cost of collection for timber revenue.
5. A percentage to be agreed upon between parties or subsequently determined, of the departmental expenses of management and collection of revenue, whether from sales of land or timber.
6. Public Works: Such public works as to which the parties may be agreed, and if there is any disagreement, the question is to be submitted to the Board for opinion.
7. Administration of Justice: Such a portion of the cost of the administration of justice as may be settled and agreed to between counsel, and if they cannot agree, to be determined by the Board, having regard to the condition of settlement at the time such expenses are incurred.
8. Registrar's Land Titles salaries.
9. The Annuities: The amount actually and annually paid to the Indians, or their Chief or their tribes, as the case may be, and the sums paid down at the negotiation of the treaties.
10. The expense of setting apart, marking out and surveying the reserves, by the late province of Canada, if not included in the column of surveys made for settlement.
11. Explorations and Inspections: One half of the expenditure incurred within the surrendered territory as can be fairly apportioned upon examination of the engineers' reports and returns of expenditure.

12. Railways : Subsidies and expenditures by the Government of Ontario in respect of the following railways : The Prince Arthur's Landing and Kaministiquia Railway; Port Arthur, Duluth and Western Railways; Ontario and Rainy River Railway to Sand Lake.

13. Education : The expenditure by the Government of the province of Ontario in respect of education within the territory, during the opening up and development thereof.

14. That the revenues arising from the White Fish Reserve, in respect of which refunds were made by the Government of the province of Ontario, be omitted and left out from the statement of revenue derived from the ceded territory as of the dates respectively when such revenues were collected.

By the Board,

(Signed) L. A. AUDETTE,
Secretary.

To all to whom these Presents shall come :

The Honourable John Alexander Boyd, of the city of Toronto, and province of Ontario, Chancellor of the said province; the Honourable Sir Louis Napoléon Casault, of the city of Quebec, in the province of Quebec, Chief Justice of the Superior Court of the said province of Quebec, and the Honourable George Wheelock Burbidge, of the city of Ottawa, in the said province of Ontario, Judge of the Exchequer Court of Canada, SEND GREETING :

Whereas it was in and by the Act of the Parliament of Canada, 54-55 Victoria, chapter 6, and in and by an Act of the Legislative Assembly of Ontario, 54 Victoria, chapter 2, and in and by an Act of the Legislature of Quebec, 54 Victoria, chapter 4, among other things provided, that for the final and conclusive determination of certain questions and accounts which had arisen or which might arise in the settlement of accounts between the Dominion of Canada and the provinces of Ontario and Quebec, both jointly and severally, and between the two provinces, concerning which no agreement had theretofore been arrived at, the Governor General in Council might unite with the Governments of the provinces of Ontario and Quebec in the appointment of three arbitrators, being Judges, to whom should be referred such questions as the Governor General and Lieutenants Governors of the said provinces should agreed to submit.

And whereas we, the undersigned, John Alexander Boyd, Sir Louis Napoléon Casault and George Wheelock Burbidge, have been duly appointed under the said Acts and have taken upon ourselves the burdens thereof.

And whereas it was provided in and by the said Acts that such arbitrators, or any two of them, should have power to make one or more awards, and to do so from time to time.

And whereas certain questions relative to the making up of such accounts have arisen between the said parties, that is to say :

Firstly.—It is contended on behalf of the Dominion of Canada that interest should be calculated upon the debits and credits forming the Province of Canada account, from the date of each payment up to the 31st December, 1867, and the amount of the interest so calculated to be deducted from the subsidy payable on the 1st January, 1868. And that a similar course should be pursued each half year down to and including the subsidy payable on the 1st January, 1873.

While for the provinces of Ontario and Quebec it is contended that interest only on the excess of debt, as actually ascertained on the 1st July, 1867, should be deducted from the subsidy payable on the 1st January, 1868, and that no interest on the intermediate debits and credits in the said account, between the 1st July, 1867, and 1st January, 1868, should be allowed to form part of the deduction to be made from the subsidy so payable as aforesaid on the 1st January, 1868. That from each succeeding subsidy, up to and including 1st January, 1873, the interest to be deducted should be calculated for six months upon the actual balance of excess of debt as ascertained six months before the deduction is made.

Secondly.—It is contended for the Dominion of Canada that on the 23rd May, 1873, after crediting the province of Canada account with the sum of $10,506,088.84, the balance of that account should be carried into the separate accounts of the provinces in the proportions of the award of 1870, and that the province of Canada account should be continued thereafter down to the 31st December, 1892, as provided in the agreement of submission.

While for the provinces of Ontario and Quebec it is contended that the balance of the province of Canada account on the 23rd May, 1873, after crediting that account with the sum of $10,506,088.84 should not be carried into the respective accounts of the provinces, but that the province of Canada account should be continued down to the 31st December, 1892, as provided in the agreement of submission.

Thirdly.—It is contended for the Dominion of Canada that interest upon the excess of debt as it existed on the 1st January, 1873, should be calculated up to the 23rd May, 1873, and charged to the province of Canada account on that date.

While for the provinces of Ontario and Quebec it is contended that no such interest on the excess of debt is chargeable after the 1st January, 1873.

Now therefore, the said arbitrators, exercising their authority to make separate award at this time respecting the said matters, do award, order, adjudge and direct in and upon the premises as follows, that is to say:

First/y.—That interest only on the excess of debt, as actually ascertained on the 1st July, 1867, should be deducted from the subsidy payable on the 1st January, 1868, and that no interest on the intermediate debits and credits in the province of Canada account, between the 1st July, 1867, and 1st January, 1868, should be allowed to form part of the deduction to be made from the subsidy so payable as aforesaid on the 1st January, 1868. That from each succeeding subsidy, up to and including 1st January, 1873, the interest to be deducted should be calculated for six months upon the actual balance of excess of debt, as ascertained six months before the deduction is made.

(Mr. Justice Burbidge dissents from this direction).

Secondly.—That the balance of the province of Canada account on the 23rd May, 1873, after crediting that account with the sum of $10,506,088.84 should not be carried into the respective accounts of the provinces, but that the province of Canada account should be continued down to the 31st December, 1892, as provided in the agreement of submission.

Thirdly.—That interest upon the excess of debt as it existed on the 1st day of January, 1873, should not be calculated up to the 23rd day of May, 1873, and charged to the province of Canada account.

In witness whereof we, the said John Alexander Boyd, Sir Louis Napoléon Casault and George Wheelock Burbidge, have hereunto set our hands and seals this second day of December, A.D. 1898.
